Dear Mr. Colby:

The undersigned is an attorney at law admitted to practice in the State of Colorado and is Legal Counsel to the Regional Transportation District. This communication will serve as the requisite opinion of counsel to be filed with the Urban Mass Transportation Administration, United States Department of Transportation, in connection with all applications of the Regional Transportation District for financial assistance pursuant to the Urban Mass Transportation Act of 1964, as amended (the "Act"), for planning, capital, training, demonstration, and/or operating assistance projects. The legal authority for the Regional Transportation District's ability to carry out the projects is set forth generally in the Regional Transportation District Act, Section 32-9-101, et seq., C.R.S. 1973, as amended. Specific authority provided in the Act cited below:

The Regional Transportation District is authorized to establish, develop, maintain and operate a mass transportation system for the benefit of the inhabitants of the District subject to an authorizing election regarding bonded indebtedness, which election was held and such indebtedness approved by the voters of the said District on September 7, 1973, (Sections 32-9-107(1) and 32-9-108, C.R.S. 1973, as amended.
2. The Regional Transportation District is authorized to accept grants or loans from the Federal Government, to enter into contracts, cooperate and do any and all things necessary, not inconsistent with state laws, in order to obtain aid, assistance and cooperation under Federal legislation. (Section 32-9-119(1)(q), C.R.S. 1973, as amended.)
3. The Regional Transportation District is authorized to levy uniformly throughout the District a sales tax at the rate of 6/10 of one percent of taxable transactions, except food and utilities, to provide revenue to finance the operations of the District, to defray the cost of planning, capital, training, demonstration projects,

construction for capital improvements and acquisition of capital equipment. (Section 32-9-119(2), C.R.S. 1973, as amended.)

4. I have reviewed the pertinent Federal, State and local laws, and I am of the opinion that there is no legal impediment to your making applications for financial assistance pursuant to the Act. Furthermore, as a result of my examinations, I find there is no pending or threatened litigation which might in any way adversely affect any proposed project, or the ability of the Regional Transportation District to carry out the projects.
